Gentlemen:

Could you advise me where I could buy catalogue or European war money (demonetized) Marks Kroner etc German Hungary Austrian Polish -

I understand that a catalogue has been issued -

I thank you for any information

Respectfully

W Berndt

Stevens Point, Wisc.

Dear Sir:

Responding to your inquiry, I do not know of such a catalogue of demonitized European currency as you describe. There are listings for the individual countries of the paper money issued in each of them; none of them, however, are very complete and most of them are commercial. If you can give me a further reference to a catalogue, I shall be grateful, because we should like to have one for our library.

Yours very truly,

Secretary.
